Eastham

- Yesterday, Today & Tomorrow

Eastham is a quintessential paradise, where the Outer Cape begins. Originally called Nauset, Eastham is a narrow strip of rural country with marshes, ponds, bogs, and forests that are unharmed by time. It is bordered on the east with miles of the majestic Atlantic Ocean, and on its west by Cape Cod Bay.

Eastham is one of the first pages in American history. First Encounter Beach is the site of the first meeting between the Pilgrims and the American Indians. In 1620, a small band of Pilgrims from the Mayflower was led by Miles Standish on a hunting expedition. The Indians, recalling kidnappings by early English slave traders, sent a warning of arrows, which was answered by musket fire before each party fled.

Eastham was settled in 1644 by Pilgrims who were dissatisfied with the poor quality of the lands granted to them in Plymouth. Descendants of the original settlers still live in the area; their names are evident on mailboxes and street signs. Three of the original passengers of the Mayflower are buried in the Old Cove Cemetery.

Once home to whaling, fishing, salt works, and asparagus farming, Eastham is now best known Cape wide as well as world wide for its beaches and conservation areas. As the Gateway to the National Seashore Park protecting over 27,000 acres of the Outer Cape, and one third of the town, Eastham has changed very little since Thoreau wrote his masterpiece, 'Cape Cod', over one hundred years ago.

Today Eastham proudly continues its heritage. You are invited to enjoy this conservancy with miles of walking and bike trails through woods, fields, marshes, and several designated historical sites and areas, many of which are in the National Historic Register of Places. Our hospitality is extended in our quaint inns, modern motels, B&Bs, cottages and campsites all conveniently located near country shops, restaurants and the service trades.

Discover windmills, museums, and salt air breezes in the classic Cape Cod, known as Eastham.

Accommodations

As the Gateway to the Cape Cod National Seashore Park, Eastham attracts visitors, sightseers, naturalists and artists from throughout the country and around the world. Many come for just a day; others stay for a week, or even an entire season. And whether you seek upscale and modern or rustic camping, you will find that the hospitality is always warm and genuine.

Some visitors may favor the traditional family owned motel or motor lodge, while others may prefer the more personalized hospitality of the many B&Bs and small historic inns conveniently located throughout the town. For families opting for a week or longer stay, you can't beat the camping and RV park, or the many cottage colonies or individual homes available for rent, each offering a variety of

amenities to suit your particular needs.

Because Eastham is such a unique destination, many of the facilities are reserved from one year to the next, so it is wise to make reservations early. When that spur-of-the-moment urge hits you to visit, call ahead to check availabilities with the Eastham Visitor Booth, 508-255-3444 (or off-season 508-240-7211). Most establishments accept credit cards, although policies vary from place to place.

On the following pages we have included some easy reference charts as well as a list of real estate rental agents to help plan your next vacation. Please note that this information should serve as a guide only; and while we have tried to verify each listing; you should always confirm details and amenities with each individual accommodation or rental agent.

Eastham Windmill

Eastham's windmill has a typical history as Cape Cod mills go. It was built around 1680 in Plymouth on Windmill Hill by one Thomas Paine, a millwright from Eastham. In the 1770's, sometime before the American Revolution he moved it across Cape Cod Bay on a barge or raft to Truro.

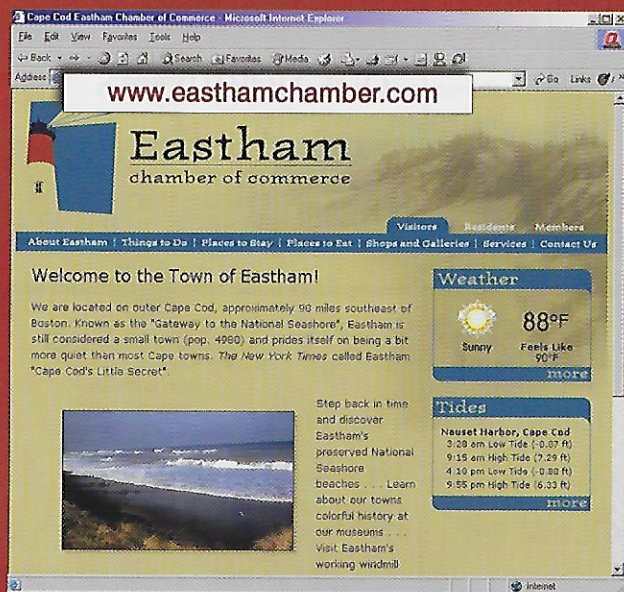

In 1793, a Seth Knowles of Eastham bought the mill and moved it overland to a site overlooking Salt Pond. In 1808 he had the mill moved to its present site where it worked until 1896. It was then purchased by the Village Improvement Society to be used as a library. They also, occasionally, ran the mill for the fun of it.

By 1928 there were only two mem-

bers of the Society left and they persuaded the Town to buy the mill for \$500 and preserve it for its historic value. The Society members returned the money to the Town as a donation, and it still draws interest to this day.

In 1936, after undergoing extensive refurbishment and repairs, the mill reopened to the general public. In 1980, to celebrate the mill's 300th birthday, a Post Office was set up in the mill to cancel postage (windmill stamps including Eastham issued by the USPS). Today, visitors from around the world enjoy the mill. It is the centerpiece of Windmill Weekend each year and is a lovely addition to the Holidays with its arms decked out in colored lights.

Bird Watching in Eastham

I don't care where you are from in the world, I doubt very much if you come from a place that is better for bird watching than Eastham, Cape Cod, USA. Now before you start shouting out what you think are better birding spots around the globe, think about this for a second; Eastham is a very small town, not much bigger than many state parks, yet it has some of the best biodiversity found anywhere. Eastham has a great salt marsh, a massive ocean, a productive saltwater bay, many fresh water ponds and miles of pine woodlands and most are open to the public. I can't think of another area of comparable size that can compete with all that. However, if you can think of another area that's better, please keep it to yourself, you'll spoil everything for me.

We'll begin in the summer. As with people, Eastham has the greatest appeal to birds during the warmer months. Shorebirds start arriving in town in early July, peak in August and are mostly gone by Columbus day, just like people. Check out the backside of Coast Guard Beach, that is the northeast end of Nauset Marsh.

Park at the Doane Rock parking lot and walk there via the bike trail, to avoid beach goers. The best time to go is on the incoming tide and early in the day, when the sun is at your back.

In the fall, Great Pond and Herring Pond are good for ducks. First Encounter Beach is a great place to find seabirds after an autumn storm. In the winter, walk the outer beach for sea ducks and gannets. The fire roads, off the power lines in North Eastham, are good in the spring for Whippoorwills, Bobwhite Quail, owls and songbirds. The wonderful Fort Hill area is good anytime of year, as it over looks all of Nauset Marsh. You should always see a heron, bird of prey or odd sparrow from Fort Hill.

Sorry I couldn't provide more specifics, but I was told to keep it short. However, Eastham is small and the habitat varied, so any walk, at anytime of the year, should be a pleasurable and productive birding experience.

Cape Cod's Professional ARTS & CRAFTS SHOWS 2005

Cape Cod is a mecca for artists & craftsmen from around the USA. There are shows from July to October. Many of these artists & crafters - many very well known - move to Cape Cod because of the high concentration of professional JURIED shows, all within a 90 mile radius that draws thousands of residents and tourists every day. Many crafters build up a customer base and are so successful, they eventually open their own Cape Cod gallery or shop. Virtually every artist's gallery, potter or craft shop started at the Arts & Crafts shows!

Today, more than ever, American arts & crafts are in demand. Vacationers revolve their trips around which shows they want to attend. These shows are some of the best in the United States.

The word professional in a show description means that the crafter or artist earns their living by their own handmade craft. A good show is JURIED for quality, workmanship, and originality. JURIED does not mean high priced. A good show will have a balance of art & craft categories, with not too many of one thing. The Cape Cod shows and festivals are geared for all price ranges. You will see very expensive paintings, jewelry, and 14K gold and precious stones, to medium priced and semi-precious stones, fused glass jewelry, handmade clothing, doll makers, leather, hand painted furniture, handmade flags, and even handmade fudge.

So while you're here on Cape Cod enjoying the sun and sand, lobsters, and great shops, take some time to go to one of the wonderful well-known, award winning professional Arts & Crafts Shows. You won't be disappointed if it's an L&R Production Show.

The Annual Falmouth Village Professional Arts & Crafts Street Festival and the Annual Harwich Cranberry Professional Arts & Crafts Festival have been awarded the top 200 Professional Arts & Crafts Festival Awards in the United States by Sunshine National Arts & Crafts Magazine.

Museums & Historic Sites

EASTHAM WINDMILL, (9) located on Windmill Green across from Town Hall, is the only Cape Cod Windmill still on a working site. It is a smock mill of an English/French style most likely built in Plymouth in the early 1680s. It was moved to Truro in the 1770s to Eastham, by Salt Pond in 1793, and its present site in 1808. Open 10am-5pm summer. *NRHP**

OLD SCHOOLHOUSE MUSEUM (5) is on Nauset Road opposite the Cape Cod National Seashore Visitor Center. It is a one-room schoolhouse built in 1869, which served the town until 1936. The museum displays various objects from the town's history, including farming, shipwrecks, the Life Saving Service, the school and daily life. Open Monday through Friday in July & August, Mondays in September, 1-4pm. *NRHP**

OLDE TOWN CENTER HISTORIC DISTRICT, (7) listed in the Massachusetts Historical Register, offers a fascinating walking tour past seventeen historically and architecturally significant homes. (See page 78)

SWIFT-DALEY HOUSE MUSEUM (11) is located on Route 6 next to the Post Office. Built in 1741, its bowed roof is typical of early houses built by ships' carpenters, with wide board floors, deep kitchen fireplace and narrow stairways. Completely furnished, its collection includes examples of period clothing, china, quilts and household items. Open Monday through Friday in July & August, 10am - 1pm. *NRHP**

THREE SISTERS OF NAUSET LIGHTHOUSES (1)

The Nauset Beach Light Station was established in 1838 with three small brick towers. In 1892, as the Atlantic was about to claim the brick towers, three new towers of wood were commissioned. In 1911, two were abandoned leaving the center tower known as "The Beacon" until 1923. Today the wooden set of the "Three Sisters" has been reunited, restored, and preserved by the Cape Cod National Seashore. *NRHP**

OLD COAST GUARD STATION (13) Since the early years of the Pilgrims, the Outer Beach of Cape Cod was known as a

notorious "graveyard of ships". In 1871, the United States Congress appropriated funds for 9 life saving stations along the outer shores. The Nauset Station was built and served for many years. It was rebuilt in 1937 and currently stands overlooking the Atlantic Ocean.

CHESTER RANTLETT TOOL MUSEUM, (11)

located behind the Swift-Daley House, displays hundreds of tools, many unusual and unique to New England. On the same site is the A. Thomas Dill Beach Camp, a survivor of the 1978 storm that ravaged the spit south of the Coast Guard Station. Open Monday through Friday in July & August, 10am - 1pm. *NRHP**

INDIAN ROCK AT SKIFF HILL (14) is a huge, fine-grained metamorphic rock with abrasive qualities that shows its scars from years of grinding and polishing implements made of stone and animal bones.

PENNIMAN HOUSE, (15) on Governor Prentice Road at Fort Hill, was built by Captain Edward Penniman. The house was constructed in 1868, in the Second Empire style, making it a favorite of both architectural and history buffs. As one of the most resplendent sea captains' homes on the Cape, it denotes the once profitable whaling industry. *NRHP**

house Service replaced "the Beacon" with one of Chatham's cast iron and brick lined towers built in 1877. In 1940, it was painted a distinctive red and white. The light characteristic was changed in 1981 from three white flashes to alternating red and white. Threatened by erosion in the 1990s, Eastham residents formed the Nauset Light Preservation Society in 1993 to save and restore the lighthouse and oil house, an effort realized in 1996. In October 1998, the 1875 lighthouse keeper's home was also moved and reunited with the light tower and oil house. *NRHP**

OLD COVE BURIAL GROUND (17) This ancient cemetery, which dates from 1660 to about 1770, is one of the oldest cemeteries on Cape Cod. Located by the Town Cove on Route 6, it marks the site of the town's first Congregational Church and is the final resting place of three Mayflower passengers: Lt. Joseph Rogers, Constance Hopkins Snow and Giles Hopkins, as well as most of the oldest families known to Eastham. Also of historical significance are three additional Eastham cemeteries: The Herring Pond Burial Ground on Bridge Road (G4), noted for its elaborate inscriptions and epitaphs, and the Soldiers and Sailors Cemetery (F4) and the Evergreen Cemetery (F4) located side-by-side on Route 6 in No. Eastham.

Cape Cod National Seashore

President John F. Kennedy signed a bill on August 7, 1961 making the Cape Cod National Seashore a reality. The Seashore includes approximately 27,000 acres of uplands in six towns - Chatham, Orleans, EASTHAM, Wellfleet, Truro, and Provincetown. The work of the Cape Cod National Seashore involves conservation and preservation of the magnificent natural surroundings of the Cape as well as highlighting certain natural and historical sites for the enjoyment of visitors. The Cape Cod National Seashore offers visitors approximately 40 miles of the finest seashore on the Atlantic Coast.

Salt Pond Visitor Center, Eastham, located on Route 6, is now re-opened after a very extensive rehabilitation. It is the nucleus of the National Seashore and offers an orientation film, exhibits on Cape Cod human and natural history, and a bookstore. For current information call 508-255-3421, or www.nps.gov/caco

A variety of unique features of the National Seashore in Eastham includes: beaches, biking and hiking trails, historic landmarks, scenic overlooks, and guided tours, programs and activities.

Golf Courses

As Cape Cod stretches seventy miles out into the ocean, it is dotted with thirty golf courses making it the golf mecca of New England.

Ocean temperatures keep winters mild and summers cool for golf to be enjoyed year round on Cape Cod. Eastham is ideally located amongst some of the most challenging and most beautiful courses and links. Many are municipal courses with national recognition and designations that rival the private and semi-private courses elsewhere.

The following list of golf courses provides location, phone number, and level of play. Further information concerning tee times and prevailing rules can be obtained by contacting the courses directly.

# Biking in Eastham

PHOTO BY JOE REALBUTO

"It is by riding a bicycle that you learn the contours of a country best, since you have to sweat up the hills and coast down them. Thus you remember them as they actually are, while in a motor car only a high hill impresses you and you have no such accurate remembrance of country you have driven through as you gain by riding a bicycle."

-Ernest Hemingway

Eastham boasts two bike paths and several walking trails that travel through remarkably picturesque scenery. Both bike paths are paved and provide an opportunity for bicyclists and hikers to enjoy a very special encounter with Cape Cod's charm and beauty.

Within and around the trails are heavily wooded forests, lakes and quiet kettle ponds, salt marshes, bogs, winding creeks and sandy beaches. Whether you are walking or biking, these trails are an enjoyable and fulfilling way to experience Cape Cod at its very best. Check the rules of each trailhead. Please be considerate of private property, and be sure to control your dog, and pick up after it.

## THE CAPE COD RAIL TRAIL

(AKA "The Bike Path") is a twenty-four mile path that starts on Route 134 in Dennis and ends at LeCount Hollow in Wellfleet, having traveled the entire length of Eastham. The trail follows the old Penn Central Railway tracks. Today the tracks are gone, but the convenience to all of Eastham is easily accessible. Just off the path, side trips offer ocean beaches and fishing piers; country stores and quaint villages; parks, picnic areas, places to lodge and places to dine.

## NAUSET BIKE TRAIL (F5)

starts at the National Seashore Visitor Center and two and one quarter miles later ends at Coast Guard Beach. Magnificent vistas of the salt marsh and the Atlantic Ocean are not to be missed. The trail is wheelchair accessible, and can be shortened by starting at the Doane Rock picnic area.

# Hiking Trails

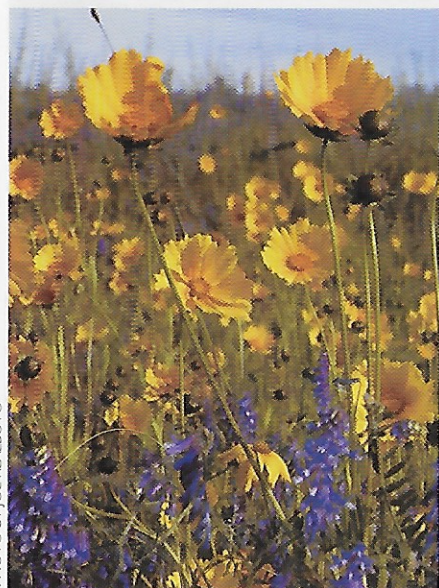

PHOTO BY JOE REALBUTO

**UPPER BOAT MEADOW (J3)**  
has magnificent walking trails through woodland, marsh and an arboretum of specimen trees. This special greenspace abuts the South Eastham Conservation Area and the Cape Cod Rail Trail bike path. Parking and access are available at the trailhead on Smith Lane as well as the bike path on Rock Harbor Road and at Peach Orchard Lane.

**COTTONTAIL ACRES (G3)**  
is 18 more of Eastham's conservation land with hiking trails through meadows peppered with wildflowers along Herring and Jemima Ponds. Enter at Samoset Road.

**FORT HILL TRAIL (H5)**  
is a one and one-half mile trail with some log steps on slopes. The trail runs through the Rural Historic District listed on the National Register of Historic Places. This walking trail offers spectacular views of Nauset Marsh, the Nauset Spit and the Atlantic Ocean. Bring your binoculars for some wonderful birding opportunities.

**RED MAPLE SWAMP TRAIL (H5)**  
with its serpentine boardwalk gives yet another dimension to Cape Cod that is totally unexpected compared to the Outer Cape's general landscape. This quarter mile walk is most colorful in the fall. A portion of this trail is wheelchair accessible via Hemenway Landing.

**NAUSET MARSH TRAIL (F5)**  
is a half-mile loop that skirts Salt Pond and Nauset Marsh and returns through transitional forest and fields. The area is well suited for studies of salt marsh ecosystems and upland succession. It also offers excellent bird watching opportunities.

**CEDAR BANKS TRAIL (F5)**  
is a one and one-half mile hiking path that connects to the Nauset Marsh Trail and continues on to Coast Guard Beach.

**BUTTONBUSH TRAIL (F5)**  
is a short quarter-mile multisensory loop designed for the blind with a rope guide, and interpretive text panels in Braille and large lettering.

**THE LADY SLIPPER TRAIL (F2)**  
in the Wiley Park Conservation Area is a walking trail through the woods on Great Pond and Bridge Pond. There is also a beach at Wiley Park (sticker is required). Parking and restroom facilities are available.

**THE NICKERSON PROPERTY (G2, G3)**  
is 25 acres with walking trails lying between Bridge Pond and Widow Harding Pond. This is where Eastham's Herring Run flows into Bridge Pond and on to Great Pond. It is located on Herringbrook Road, with parking at the Cole Road Herring Run.

**SOUTH EASTHAM CONSERVATION AREA - SECA (J3)**  
is home to a rich variety of habitats surrounding three small ponds, and boasting some unusual tree species. Park at the trailhead on Peach Orchard Lane.

**THE MASSACHUSETTS AUDUBON SOCIETY WILDLIFE SANCTUARY (A1)**  
in Eastham and Wellfleet has five unique walking trails, all starting at their Nature Center and crossing through forests, meadows and marshes, including a boardwalk out to Cape Cod Bay.

# Whale Watching Cape Cod Style...

Several Humpbacks Visit the Whale Watch Boat

A Right Whale Breaching

Humpback Mother with her calf

A Finback Whale Breaching

Spend one day of your Cape Cod vacation on a whale watch and create a memory that will last a lifetime! A whale watch is not only exciting, but it's educational, too!

On daily boat trips out to Stellwagen Bank, a National Marine Sanctuary, visitors are guaranteed whale sightings. Guides on board explain the living and feeding habits of the finback, humpback, minke, pilot, and right whales as well as of the seals and porpoises.

You can see spouts, which is when a whale blows air out of the blow hole on their head. If one of them seems to wave at you, wave back--this is called spy hop. If you are really lucky, you might get to see a whale breach- this is when they jump out of the water, sometimes completely, ending with a huge splash.

Whatever behaviors you may witness on your whale watch you are sure to learn a lot, and not to mention, have a whale of a great time!

See member directory for recreational tours.

# Dining Out

A visit to Cape Cod is hardly complete without a feast from the sea. Sandwiched between Cape Cod Bay and the Atlantic Ocean, Eastham's restaurants receive the very freshest clams, scallops, lobsters, cod, haddock and a variety of other local species delivered to their kitchens daily making us the envy of chefs the world over.

But the opportunity for great food goes well beyond traditional sea fare. Within the Eastham area discriminating diners can pamper their palates with the best of continental haute cuisine, or eat family style at a picnic tables. Whatever the choice, in our small town, handcrafted pride is the ingredient that makes every morsel especially tasty.

Being a vacation area, dining is casual in most establishments, and seldom is there need for a jacket and tie, but shoes and shirts are a must.

Within the pages of this Dining section you will find a listing of establishments in the Eastham area. The information presented is designed to serve as a guide only, and while we have attempted to verify the facts, you should always check with the individual establishments regarding reservations and other details.

## CAPE COD STEAMERS!
